2020 – 2021

## PROFILE

Engagement and economy consultant with deep experience across mobile gaming and sports streaming. Specialist in game economy design, live operations, and monetization strategy. I move between strategy and execution — pitching concepts, building live engagement mechanics, and coordinating delivery across product, data, and engineering teams.

## EXPERIENCE

Engagement and Economy Consultant Aug 2025 – Present

### DAZN Israel — Freelance

- Led the pitch and launch of a scalable plug-and-play minigame engine for DAZN FanZone.
- Cut second-screen experience build cycles from months down to days.
- Debuted a drag-and-drop Play/Bench/Cut experience sponsored by Lieferando during a UEFA Champions League match.
- Designed engagement mechanics for large live audiences with tight timing windows.

Managing Partner & Head of Growth Oct 2023 – Present

### Diagnose — Full-time

- Driving growth strategy, partnerships, and expansion for the business.

Monetization Manager Apr 2021 – Jan 2023

### SuperPlay

- Owned monetization strategy across two live mobile titles with millions of active players.
- Designed and balanced in-game economies, pricing structures, and live event cadences.
- Worked closely with product and data teams to optimise conversion and retention metrics.

Operations Manager Sep 2020 – Apr 2021

### SuperPlay

- Managed end-to-end live operations for a top-grossing mobile game studio.
- Coordinated cross-functional deployment of game events, feature releases, and seasonal content.
- Built operational processes that reduced release friction and improved team throughput.

Network Operations Engineer Jun 2019 – Sep 2020

### SecurityDAM

- First responder to cyber attacks targeting major enterprise customers.
- Applied routing and switching skills to secure, complex network environments.

Assistant Manager Apr 2018 – Jul 2018

### Brightcom Inc.

- Co-established and managed the logistics department.
- Built the company's digital presence from the ground up, including SEO and content direction.

Soldier, Military Intelligence Jul 2015 – Mar 2018

### Israel Defense Forces

- Served in Military Intelligence for two years and nine months.
